Sir

I am writing to ask your assistance,in a small way,towards a deserving soldier object.

The Canadian Military Gazette is the only exclusively military paper published in Canada,and it is in danger of early bankruptcy, because so many of its patrons have gone to the war.

A number of senior officers over here are very anxious to avert this ,and to save the paper for useful soldier service,after a career of more than 32 years.

It is our desire to make the Gazette the mouthpiece of MODERATE soldier opinion,and through its columns to fight those demagogues who are sure to incite returned soldiers to excessive demands, some of whom,in fact,are already doing so.

We stand entirely against the creation of a soldier caste after the war,and we are close enough to the men over here to know that there is no little danger of such a thing being attempted.

Will you help us to weather through by subscribing? If so, please use the enclosed form.

I also enclose some soldier poems I have recently written: I would hardly venture to do so,but for the fact that Sir Conan Doyle has stamped them with his approval.

I once had the pleasure of meeting you in Ottawa,-I think it was Mr. Fielding who introduced us,but it is more than likely that you have forgotten the occurrence.

Yours very truly

A. T. Thompson

Lt. Col.

Union Bank Building,

Ottawa.

Dear Sir:

The name of Miss Kathleen Tucker, 75 Roxborough Street West, Toronto, has been handed to the President as a suitable candidate for the position about which you asked for candidates. The Department of Political Economy would like to have further details as to the work required and the salary, and possibly with this information more candidates may be ready to apply.

Yours very truly,

President's Secretary.

J. W. Tory, Esq.,

60 Victoria Street,

Toronto.

Dear Mr. Tory:

I do not know what suggestions I have to make with regard to the work of the Commission which is studying the present conditions of the local Associations of the Y.M.C.A. I have been so little in touch with any of the associations except those of the Colleges that I am afraid my judgment would be of really no value to you, but if there were any question upon which you would like to have my opinion I would be glad to do what lies in my power to answer it.

Yours sincerely,

President.
